# Every Bodies AT, LLC

Live pain free. You deserve it.

I'm Megan Wilson, MEd, ATC, LAT, and I've been an Athletic Trainer for over 10 years. Throughout my career, I've worked in collegiate, high school, clinical, and occupational settings, gaining a broad perspective on patient care. I'm passionate about helping people live healthier, pain-free lives, and I'm committed to changing the way healthcare works. No one should have to live in chronic pain—and I'm determined to be part of the solution.
